

CV Maria Trojano

Full name incl. academic title Prof Maria Trojano

Maria Trojano is Professor of Neurology at the University of Bari, Italy and is currently Head of the Department of Basic Medical Sciences, Neurosciences and Sense Organs and Director of the Neurology and Neurophysiopathology Unit at the same University.

Professor Trojano was President (2012-2014) of the European Committee for Treatment and Research in Multiple Sclerosis (ECTRIMS). She is Honorary Member of ECTRIMS. She is currently Member of the International Advisory Committee on Clinical Trials in MS, under the sponsorship of the US National MS Society and ECTRIMS. Since 2000 she is Chair of the Italian Multiple Sclerosis Registry. She is involved in a number of Advisory Committees on clinical trials of new agents in MS. She was member of the Education committee of the European Academy of Neurology (EAN) and of Medical and Scientific Advisory Board of Multiple Sclerosis International Federation (MSIF).

She is active in the design, implementation and analysis of phase IV clinical trials in MS and conducts basic and applied research in Neuroepidemiology and Neurochemistry/Neuroimmunology.

She has published over 300 original contributions in the MS field on international journals and has authored a large number of book chapters.
