

## ePoster Guidelines

You are requested to upload your ePoster prior to the conference to a protected. ePosters will be displayed on ePoster terminals during the congress and will be available in the ECTRIMS Online Library.

Deadline to upload your ePoster:

**17 October 2017**

Please read the following text carefully. At the end, you will find the instructions for submitting your ePoster.

### Format for ePoster:

=====

- Only posters submitted as PDF document can be accepted.
- The poster should be submitted in portrait orientation
- To ensure the best quality of your ePoster, the size should be 1080 pixel width and 1536 pixels height or 381 mm width and 542 mm height
- Hyperlinks, animated images, animations and videos are not permitted for ePosters and will be non-functioning.

In order to create your poster, you can download a PowerPoint- or Keynote template which has already the right dimensions and recommended font sizes (<http://dasterminal.com/Poster-Templates.zip>) After having created the poster, it only needs to be exported into a PDF.

To upload your ePoster please use the personalised link that has been sent to all presenting authors via email.

### Internet Upload:

=====

The submission deadline is **17 October 2017**. You may edit or replace the submitted file until the deadline, after that date no further changes can be made.

Please note that your material can't be uploaded onsite in London. If you do not upload your ePoster now, it will not be visible on the poster screens in the poster area.

If you have technical support questions please contact the technical support team (support@morressier.com) at any time. You can also use the support chat, which is provided, in your personal upload area.

If you do have any questions regarding your abstract please contact [abstracts@congreg.com](mailto:abstracts@congreg.com).
