

Fanny Mochel, MD, PhD

Fanny Mochel is an associate professor of genetics at the University Pierre and Marie Curie (UPMC). She received her MD in Genetics in 2005 at the University Paris Descartes, her PhD in Neuroscience in 2010 at UPMC and is board certified in inborn errors of metabolism. Dr Mochel leads the French reference center on Neurometabolic diseases in adults and runs a Neurometabolic research group at the Brain and Spine Institute of La Pitié-Salpêtrière University Hospital in Paris. She is co-chair of the French society for inborn errors of metabolism in adults and a council member of the Society for the Study of Inborn Errors of Metabolism. Her research is focused on the characterization and treatment of brain energy deficiencies in neurometabolic and neurodegenerative diseases. Her major areas of expertise are the identification of neurometabolic biomarkers *in vitro* (metabolomics) and *in vivo* (metabolic imaging) as well as therapeutic approaches targeting the Krebs cycle.

Present position

- Coordinator of the National Reference Center on NeuroMetabolic diseases in Adults (NMA) – since 2017
- Council member of the Society for the Study of Inborn Errors of Metabolism (SSIEM) – since 2016
- Associate Professor of Genetics, University of Pierre and Marie Curie, Paris – since 2012
- Coordinator of the Neurometabolic Clinical Research Group, University of Pierre and Marie Curie, Paris – since 2012
- Co-chair of the French Society for Inborn Errors of Metabolism in Adults (SFEIMA) – since 2012
- Consultant in genetic and metabolic diseases, University hospital La Pitié-Salpêtrière, Paris – since 2009

Description of academic career

- 2015, November : Accreditation to supervise research, University of Pierre and Marie Curie, Paris, France
- 2010, September: PhD in Neuroscience, University of Pierre and Marie Curie, Paris, France
- 2006-07: Research fellow, National Institute of Neurological Disorders and Stroke, National Institutes of Health, Bethesda, Maryland, USA
- 2006, October: Specialty board in Medical genetics (clinical, cytogenetic and molecular), University of Pierre and Marie Curie, Paris, France.
- 2005, October: MD, University of Paris Descartes, Paris, France.
- 2004, September: Specialty board in Metabolic Disorders, University of Paris Descartes, Paris, France
- 2001-2005: Genetic training, University of Pierre and Marie Curie, Paris, France.
