

Menno Schoonheim is a neuroscientist, currently working as an assistant professor at the department of Anatomy and Neurosciences of the VU University Medical Center in Amsterdam, The Netherlands. He received his PhD (Cum Laude) in 2014, based on his thesis entitled "Are you connected? A network perspective on cognitive dysfunction in early multiple sclerosis". His research mainly focuses on understanding cognitive impairment and disease progression in MS by studying brain networks, brain atrophy and DTI.
